Summer Programming Week 1 & 2

There was lots of excitement in Windsor Mill these past couple of weeks!

The first week of the program, students were introduced to instructors and fellow peers. During this time, students were exposed to their enrichment classes. We ended the week with our bi-weekly cookout on Friday.

Each week we will have a theme that the student will focus on. The second week at LTYC West students learned about being Leaders of Tomorrow.

Highlights

During programming, students learned about their local senators. They had the opportunity to write a letter addressing issues that disturb them in their communities.

Students also enjoyed learning Martial Arts during Workshop Wednesday.
