Greetings!

We are excited to complete another warm, enrichment filled week at Windsor Valley! We have now finished our third week of programming! Our weekly summer newsletter will contain important program information, upcoming special events, and all sorts of happenings!

## Enrichment Highlights

### Theatre Arts

Students completed their monologues from the previous weeks. They have just finished auditioning for parts to perform at our end of the summer showcase.

### Visual Arts

Students learned the definition and the importance of a mural. They were then tasked with creating their own mural of change depicting a change they hoped to see in their community.

### Creative Writing

Students read, memorized and discussed the song lyrics to "This Is Me." The students learned the inspiration behind the song and how it was used in the movie the "Greatest Showman".

### Dance

Students learned about the different urban styles of dancing and how each art form influenced not only the art of dancing but their community as well.

### Music

Students listened and analyzed the song "This Is Me" from the "Greatest Showman" and began rehearsing in preparation for the summer showcase.

### Media Arts

This week students continued to add to the summer program documentary. Students also experienced a professional photo shoot, learning about the different equipment and its purpose. Retouched photos of students were taken and sent to parents via email.

## Summer Programming Week 3

Students this week focused on the theme "Be The Change." They created care packages that included canned goods, water, toiletry items, letters of encouragement and more. Each care package was donated to the Baltimore Outreach Service. Students also explored the concept of STEAM in a workshop by creating instruments.
