Quarterly News & Updates

Leaders of Tomorrow Youth Center (LTYC) supports youths, ages 5-18, in and around the state of Maryland with arts programs that empower them to excel in the arts, academics, and social development. By providing opportunities and resources that otherwise would not be available, LTYC programs build higher self-esteem and self-worth in young people who are yearning for success.

National Arts In Education Week

We would like to take a moment to thank all of our partners who recognize the importance of arts education. The arts are an essential part of a complete education, no matter if it happens in the home, school, or community. Students of all

ages-from kindergarten to college to creative aging programs-benefit from artistic learning, innovative thinking, and creativity.

Celebrating National Arts in Education Week is a way to recognize this impact and share the message with friends, family, and communities.

Share how you celebrated National Arts In Education Week by sending photos, videos, or descriptions to info@ltyc.net.

Check out this article on Arts Integration titled: [Creativity & Academics, the power of an Arts Education](#)

Join the LTYC Team

We are always recruiting qualified, dedicated individuals to join our team. Current needs include on call instructors, creative arts instructors, development consultants and assistant program managers. Please visit the link below for more information.
